

Joint Seminar

Albert-Ludwigs-Universität Freiburg

SFB 1381

*Dynamic organization
of cellular protein
machineries*

Institute of Physiology

CIBSS

*Centre for Integrative
Biological Signalling
Studies*

“AMPA-receptor and auxiliary subunits: Cryo-EM structures and mechanism”

Speaker: **Prof. Dr. Terunaga Nakagawa**
Dept. of Molecular Physiology and Biophysics and
Center for Structural Biology
Vanderbilt University, School of Medicine, Nashville, TN

Time: November 29th 2019, 2 p.m.

Location: **Seminarraum der Physiologie,
Hermann-Herder-Straße 7, 5. OG.**

Guests are welcome!

Contact:

Prof. Dr. Bernd Fakler
Institute of Physiology II
