

Bettina Warscheid, Prof. Dr.

* 20.08.1971, female, German

Institution: Theodor-Boveri Institute at the Biocenter, Faculty of Chemistry and Pharmacy, University of Würzburg, Am Hubland, 97074 Würzburg

Contact: Phone: +49-931-31-84026, Email: bettina.warscheid@uni-wuerzburg.de

Position: Chair of Biochemistry II

Academic education including academic degrees

1991 – 1997 Study of Chemistry, Technical University Dortmund, Diploma

Scientific graduation

1997 – 2002 PhD, Analytical Chemistry, Leibniz-Institute of Analytical Sciences, Dortmund

Employment

Since 2022 Chair of Biochemistry II (W3), University of Würzburg, Germany
2010 – 2021 Full Professor (W3) for Functional Proteomics, BIOSS – Centre for Biological Signalling Studies, Faculty of Biology, University of Freiburg
2009 – 2010 Professor (W2) for Clinical and Cellular Proteomics, Medical Faculty and Centre for Medical Biotechnology, University of Duisburg-Essen
2004 – 2009 Professor (W1) for Protein Mass Spectrometry, University of Bochum
2003 – 2010 Group leader, Medical Proteome-Centre, University of Bochum
2002 – 2003 Postdoctoral Fellow, University of Maryland, College Park, MD, USA

Other activities, awards and honours

Since 2022 Associate Investigator, Excellence Cluster CIBSS Centre for Integrative Biological Signalling Studies, University of Freiburg, Germany
2019 – 2021 Principle Investigator, Excellence Cluster CIBSS
2018 – 2019 Vice-Dean of the Faculty of Biology, University of Freiburg
Since 2017 Execute board member, German Society of Proteome Research (DGPF)
2016 – 2018 Dean of the Faculty of Biology, University of Freiburg
2015 – 2021 ERC Consolidator Grant 'MITOsmORFs' (PIs Wiedemann, Warscheid)
2014 – 2016 Academic Dean, Faculty of Biology, University of Freiburg
2010 – 2018 Principle Investigator and Steering board member of the Excellence Cluster BIOSS, University of Freiburg, Germany
2010 Innovative research project award, Structural and Innovation Fond, Ministry of Science, Research and the Arts Baden-Württemberg
2002 – 2003 DFG fellowship for research in the laboratories of Prof. Catherine Fenselau at the University of Maryland, College Park, MD, and Prof. Robert Cotter at the Johns Hopkins University, School of Medicine, Baltimore, MD, USA
1996 Undergraduate studies fellowship from the German Academic Exchange Program for research stay at Leiden University, NL
